Subject Fw: Clayton Chemical

EPA Region 5 Records Ctr.

285720

Attached please find a data base that contains two spread sheets. The first spread sheet contains all PRP's that were either on Linda list, the 2006 database that I put together, the manifest that Tom Turner gave us or the Quantitative list. that Tom Turner provided. The one directly up under that one contains PRPs from all the list accept the 2006 database that I put together.

claytonchem.xls

The following PRPs are on Linda's list but did not make any of the list above:

Nascote = 1,925,368

UOP = 409,832 (This PRP was deleted from the Quantitative list, there is also a manifest for it.

Titan Wheel Corp = 141,420

Silgan Container Corp = 136,154

Fort James Corp (f/k/a Crown Zellerbach Corp. and James River co. = 125,338

General Motors = 22,189

Dixon Ticonderoga (f/k/a Wallace Pencil Co.) 10,400

Please let me know by 2:00 PM. on Thursday, (December 14, 2006) if you want to send General Notice letters to those PRPs or if you want to expand the database. Please keep i mind that I am trying to get the letters out before I got out on extended leave.
